Dear,

The municipality of Hénin-Beaumont organizes each year, in February, the Hénin Rock Festival. For its fifth opus, in February 2022, the municipality is looking for a "tribute" band of **The Cure**. The performance will take place on **19th February 2022** around **21:45** in the auditorium "l'Escapade", rue de l'Abbaye in Hénin-Beaumont.

The municipality cares an equal treatment of candidates, so, it created an application file pursuant to Article 27 of Decree No. 2016-360 of 25 March 2016 on public procurement. To do this, the registration file will be evaluated according to the following criteria:

- 50% on the artistic performance
- 25% on the number of performances of the group on national or international stages
- 15% on the amount of the benefit
- 10% on the descriptive quality of the data sheets

In this file, you are asked to fill in the list of the titles played and the references of your group (places and dates of previous performances).

Your file will be studied from:

1. the argument developed in this application file,
2. additional information provided in your cover letter,
3. Significant photographs or video links presenting your services.

Once the applications have been examined, they will be the subject of an individual authorization, or a letter (or e-mail) of refusal if necessary.

Full file to be returned before **29/08/2021** (DD / MM / YY) at 14:00, deadline, attention of:

Monsieur le Maire d'Hénin-Beaumont
